

**NORTHCOUNTRY MASTER GARDENER VOLUNTEERS  
ANNUAL PLANT SALE 2017  
TOMATOES**

<b>NAME</b>	<b>DESCRIPTION</b>	<b>COLOR</b>	<b>DAYS TO MATURE</b>
Big Beef Hybrid	Fruits are deep red, smooth-skinned, meaty and juicy with an average weight of 9 oz. to 1 lb. Indeterminate vines have excellent disease resistance resulting in yields nearly double that of other beefsteak varieties.	Red	73
Black Krim	Indeterminate. Beefsteak fruits are a unique combination of violet-brown and purple-red—they turn almost black with sufficient sunlight and heat. Excellent full flavor.	violet-brown purple-red	70-90
Brandywine Sudduth's strain	Indeterminate. The potato-leaf plants produce large (14-36 ounce fruits) that are oblate in shape and pink in color. Excellent flavor.	Pink	80-90
Celebrity	Vigorous determinate hybrid. Medium-large, 7-8 oz., flavorful, globe-shaped, uniform fruits, crack resistant, ripen midseason. Resistant to or tolerant of the following tomato diseases: Verticillium Wilt, Fusarium Wilt races 1 and 2, Nematodes, and Tobacco Mosaic Virus.	Red	70
Cherokee Purple	Indeterminate, 12-16 oz. dark pink-purple fruits have an excellent complex flavor, slightly sweet aftertaste, perfect for slicing.	Dark pink/purple	80
Czech Stupice (Stu-peach-ka)	Determinate. May be our earliest tomato. Red, mid-sized. Good flavor, productive. Developed in Eastern Europe. (Former Czechoslovakia) Very reliable producer.	Red	55
German Johnson	Indeterminate, 12-24 oz. tomatoes with smooth tops, good for slicing & canning with few seeds. Very productive and fairly resistant to disease.	Pink/Red	76
Juliet (F-1 Hybrid)	Indeterminate. Deep red, shiny fruits avg. 2¼" L x 1½" W, weighing 1½-2 oz. Typically 12-18 fruits per cluster. Delicious, rich tomato flavor for salads, great salsa, and fresh pasta sauce. Good crack resistance, vine storage, and shelf life. High resistance to late blight; and intermediate resistance to early blight. AAS winner.	Red	60
Martino's Roma	Determinate. A very impressive variety that is extremely productive and disease free. Totally free of blossom end rot. The dark red fruit are 3-4 oz and produced in clusters and are perfect for paste, sauce or salsa. Highly recommended.	Dark Red	75
Mexico Midget	Indeterminate. Hundreds of ½-¾" dark red cherry tomatoes on each plant. Huge tomato flavor for such small fruits. Great for salads or selling in pints. Plants produce throughout the entire growing season.	Red	60-70
Mortgage Lifter	Indeterminate. Kentucky family heirloom grown since the 1930s. Crops of 1-2 pound pink beefsteak fruits. Exceptionally meaty and typically crack-free. Great old-fashioned tomato flavor.	Pink	80-90
Old Brooks	Indeterminate. This old heirloom is a beefsteak type, and also has some disease resistance. The deep, red fruit is blemish free, has few seeds, a small core and is fine tasting, with a slightly acidic flavor.	Red	85
Polish Opalka	Shaped like elongated plums tomatoes, these odd looking fruits are packed with great tomato taste. Ideal for salsa and sauces.	Red	85

Prudens Purple	Rose purple pink fruit which is smooth, ribbed and firm Often compared to Brandywine. Meaty and delicious	Purple	65-75
Rose De Berne	Indeterminate. Beautiful, nicely-shaped 4 - 8-oz fruit are a rose-pink color and have an excellent sweet flavor. Resists cracking. The vines set good yields.	Rose-pink	70-80
Russian Persimmon	Rose-orange (persimmon colored) fruits range from 12-ounces to 2 pounds. Meaty, very sweet, and few seeds. Vigorous and prolific	Yellow/orange	79
San Marzano	Plum tomato variety. The fruits are thin and pointy in shape and have few seeds. A great paste tomato with a bright red color and heavy walls...great for sauce and ketchup.	Red	78
Sungold	Indeterminate. F-1 hybrid Exceptionally sweet, bright tangerine-orange cherry tomatoes. Vigorous plants start yielding early and bear right through the season.	Orange	55-65
Uluru Ochre	The vigorous, dwarf, regular leaf plants are relatively compact, quite early to produce and prolific. Producing a good yield of medium to large sized (six to twelve ounces) oblate uniquely colored tomatoes that are essentially the first "black/orange" variety we've seen. The flavor can be a bit variable season to season, but at its best, it has an absolutely delicious, smokey flavor.	Orange/Green	65
Yugo Pink	Indeterminate, regular-leaf tomato plants that yield large amounts of extra-large, 1-2 lb., slightly flattened, pink beefsteak tomatoes that are full-flavored, deliciously juicy. Crack-resistant tomato variety.	Pink	80-90
