

Attracting Pollinators

**FROM BEES TO BUTTERFLIES:
HOW TO ATTRACT POLLINATORS TO
YOUR HOME GARDEN
WITH CYNDY DALZALL**

**March 11, 2021
6:30PM
FREE VIRTUAL PRESENTATION**

To Register:

<https://bit.ly/AttractingPollinatorsRegistration>

With declining populations of healthy pollinators for our gardens and crops, we must look at what pollinators we can attract and how to make our local landscapes more appealing. You will learn how to integrate native plants and design your gardens to build natural, healthy habitats. Cyndy will demonstrate projects she has designed in Bayfield and Madeline Island.
