

Annual Twilight Garden Tour Set for Tuesday August 14.

The University of Wisconsin Extension, The Spooner Agriculture Research Station and North Country Master Gardener Volunteers will be holding their 20th annual Twilight Garden Tour on Tuesday Aug 14th from 4 - 7:30 PM. This is one of the region's premier summer gardening events and will feature University speakers, demonstrations, displays, food tastings and walking tour of the Seed to Kitchen Collaborative, and organic vegetable variety research trial partnering with nationally recognized plant breeders, chefs and local growers. The venue for the Twilight Garden Tour is the award-winning Teaching & Display Garden located on Orchard Lane, just east of Spooner.

Speakers will be Mike Maddox, UW Master Gardener Volunteer Program Director; Erin Silva, UW-Madison Organic Agriculture Specialist; and Julie Dawson, UW-Madison Seed to Kitchen Collaborative Program Director.

Master Gardener Volunteers and invited speakers will be available to answer your gardening questions and identify plant, insect and disease samples.

The Teaching & Display Garden is an official All-America Selections (AAS) display garden featuring both flowers and vegetables and has been awarded multiple awards in the National Landscape Design contest sponsored by AAS. The garden also includes organic vegetable gardening, a children's garden, container gardening, displays of table and wine grapes and fruit trees and the newly renovated Monarch and Pollinator Sanctuary perennial garden.

As in the past there is no charge for this educational event.

The Teaching and Display Gardens are located on Orchard Lane, 1 mile east of Spooner on Highway 70. Watch for Garden Tour signs.
